Example sample

A fictional document for testing uploads.

A SMALL EXAMPLE

This document stands in for a sample supplied by a tester.
It contains no real participant information.

OVERVIEW

A clear question is a useful starting point for an analysis.
The next step is to decide which observations would address it.
The example stops here: its purpose is to test file handling.

TRY AN UPDATE

Submit this file with the example CV. Then reopen your private return link, change a form answer, and keep both existing PDFs.
You can also replace this file to test a document revision.
